

Novi University of Applied Sciences provides the ideal environment for you to focus on realising your ambitions. Studying at NOVI means that you learn what you need to know, and not those things you already know. This enables you to grow as a professional. NOVI invests continuously in programmes, professors, trainers and technology to maximise our support for your growth. Our aim is to accelerate your development. NOVI serves areas of IT, Business Administration, Logistics and Traffic & Transport Management with state accredited programmes.
